Origins of Norse Mythology and the Cosmic World Norse mythology is rooted in the ancient beliefs of the Scandinavian peoples, with stories passed down through oral tradition and eventually recorded in texts like the Poetic Edda and the Prose Edda. Central to their cosmology is Yggdrasil, the World Tree, which connects the nine realms of existence.

The Creation of the World According to Norse myth, the universe began in a primordial void called Ginnungagap, flanked by realms of fire (Muspelheim) and ice (Niflheim). When these elements met, the first being, Ymir the frost giant, emerged, followed by the cow Audhumla, whose milk fed Ymir. From Ymir's body, the gods fashioned the world—his flesh became the earth, his bones the mountains, and his blood the seas.

Yggdrasil: The Cosmic Tree Yggdrasil stands at the heart of Norse cosmology, an immense ash tree that holds the universe together.
